Non-Masons Please Retire to the Dining Room

With Respect Towards Tradition

Our goals this year are again charity and youth with the addition of membership development. Charity is ingrained into South Seminole Lodge and our process will only improve. We continue striving to grow our support for teachers, food banks, and foster children! The Lodges of the Proud 16th have come together in support of the foster initiative. This is for children who have the potential and the drive, no matter what the child's background is, to better themselves. Any Freemason should be proud that he stood at the door and held it open for the next generation. This we do so that they can seize the same benefits that other youth strive for everyday. We look forward to working with you this year as we move toward our goals of continuous process improvements in charity, youth, and membership development in order to provide for our future growth as men and Masons!

Special Thanks To
